Checklist for SG Clean Programme

1 Appoint a “SG Clean” Manager to implement measures and ensure compliance to checklist of “SG Clean” Programme (Hereinafter referred to as “Programme”)

1.1 Management Commitment

1.1.1 Terminal Operator should commit to develop, implement and continually improve the effectiveness of the Programme.

1.2 SG Clean Manager

1.2.1 Terminal Operator should appoint a SG Clean Manager to ensure compliance with the requirements of the Programme. The roles and responsibilities of a SG Clean Manager should include, but are not limited to:

- i. Develop and implement the measures identified in the Programme
- ii. Take appropriate corrective and preventive actions and continually improve the effectiveness of the Programme
- iii. Ensure that employees are familiar and comply with the requirements of the Programme
- iv. Conducting inspection and checks to ensure compliance at all times
- v. Keeping records of inspection and checks.

1.3 Communication

1.3.1 The Terminal Operator should communicate to its employees the following:

- i. Details, measures and requirements of the Programme
- ii. Roles, responsibilities and how they can contribute to the effectiveness of the Programme
- iii. Implications and potential consequences of not conforming to the measures and processes of the Programme.

1.3.2 The measures and requirements of the Programme should be made available to external stakeholders (such as tenants, contractors, suppliers, visitors and general public) where required.

4 Step up frequency of disinfection for all common facilities and ensure that employees observe good personal hygiene.

4.1 Disinfection of common facilities

- 4.1.1 The Terminal Operator should develop and implement processes to disinfect common facilities more frequently for premises/areas with high traffic flow, or high touch surfaces and interactive components within the Terminal.

Common facilities include, but are not limited to:

- i. Lifts including but not limited to buttons, railings and handles, where applicable
- ii. Doors including but not limited to doorknobs and handles
- iii. Handrails of escalators and staircases, where applicable
- iv. Toilets
- v. Immigration hall area
- vi. Linkway between passenger boarding bridge and terminal building
- vii. Other common areas such as chairs/ benches, common corridors, staff rest areas etc.

4.2 The Terminal Operator should develop processes to ensure that employees observe good personal hygiene.

- 4.2.1 The Terminal Operator should develop processes and use relevant collaterals to educate employees on infection control and good personal hygiene.

- 4.2.2 The Terminal Operator should comply with and implement the good practices on maintaining high standards of sanitation and personal hygiene to minimise the transmission of the COVID-19 virus outlined in National Environment Agency (NEA)'s General Sanitation and Hygiene Advisory For Premises Owners and Operators.

5 Check that procedures are in place to manage personnel who test positive for COVID-19.

5.1 Handling COVID-19 confirmed cases

5.1.1 The Cruise Terminal should have processes in place which are in-line with MOM's prevailing Requirements for Safe Management Measures at the workplace, to manage personnel who tested positive for COVID-19.

<https://www.mom.gov.sg/covid-19/requirements-for-safe-management-measures>

5.1.2 Where a confirmed case has been present at the Terminal's premises or public spaces refer to NEA's Guidelines for In-House Cleaning and Disinfection of Areas Exposed to COVID-19 Cases in Non-Healthcare Premises.

<https://www.nea.gov.sg/our-services/public-cleanliness/environmental-cleaning-guidelines/guidelines/guidelines-for-in-house-cleaning-and-disinfection-of-areas-exposed-to-covid-19-cases-in-non-healthcare-premises>

5.1.3 The Terminal should develop and implement processes to protect employees and/or contractors performing disinfection work, such as providing adequate personal protective equipment in accordance to prevailing guidelines⁴.

6 Check that there are documents and records of all preventive measures
--

6.1 Documents and records

6.1.1 When creating and updating the COVID-19 related documents, the Terminal Operator should consider appropriate identification and description (e.g. title, date, author, reference number). Examples of documents include Terminal Operator's COVID-19 response protocols, cleaning logs, staff advisories and notices etc.

6.1.2 The Terminal Operator should ensure that all documents and records be retained for at least 3 months for traceability.

7 Ensure compliance to government orders, guidelines and advisories on the COVID-19
--

7.1 The Terminal Operator should comply with all government orders such as Stay-Home Notice (SHN) and Quarantine Order (QO) issued by the various Ministries.

7.2 Refer to MOM's Requirements for Safe Management Measures at the workplace and put in place the appropriate measures.

<https://www.mom.gov.sg/covid-19/requirements-for-safe-management-measures>

⁴<https://www.nea.gov.sg/our-services/public-cleanliness/environmental-cleaning-guidelines/guidelines/guidelines-for-in-house-cleaning-and-disinfection-of-areas-exposed-to-covid-19-cases-in-non-healthcare-premises>

Updated as at 25 Oct 2022

- 7.3 The Terminal Operator should maintain and comply with the prevailing list of relevant guidelines and health advisories on the COVID-19 from government agencies⁵ and ensure that this list is up-to-date⁶. These include prevailing Safe Management Measures⁷ and any other advisories and circulars for terminal operations issued by MPA, STB and other government agencies. This includes identifying relevant measures and determining how they should be implemented in the premises.
